

COLD BEVERAGE MAKING & DISPENSING MACHINE

A Product By

ABOUT THE PRODUCT

The vending machine world is expanding so fast, specially in the Food and Beverage sector. After Diet machine now we have come up with Cold Beverage Making and Dispensing machine with the best possible automation that will provide hygiene, safety, and fast delivery without compromising on taste.

The Cold Beverage Making and Dispensing machine is built with latest automation technologies that will prepare and dispense tasty cold beverages which are also healthy. This machine comes with six cold beverages options that are loved by most of the Indians, such as Buttermilk, Lassi, Nimbu Sharbat (Lemonade), Lemon Soda, Kokum Sharbat and Solkadi.

This machine prepares beverages using original ingredients and the making processes which provide authentic taste and experience to users.

Machine is suitable to be used at many places such as Corporate Offices, Co-working Spaces, Hospitals, Malls, Cafeterias, Small Functions/Parties and many more.

System

PRODUCT SPECIFICATION

- Machine Dimension : 1175 x 700 x 550 (H * W * L) In mm
- Weight : 160 Kg Empty
- Material : SS 304 with 1.2 mm thickness
- Power : 500 W
- Voltage : 12 & 24 VDC
- Storage capacity of container : 3 LTR
- Temperature Range Beverages : 10-12 Degree
- Cup size : 200 ml
- Dispensing Time : 1 min
- No of serving / min : 1 Order
